TAXES MUST BE PAID PROMPTLY

County Treasurers Must Close
Duplicate on Last
Day.

Otherwise They Will Have to
Pay the Penalty Them-
selves.

County Treasurer John C. Blackledge has received a letter from State Auditor David E. Sherrick, instructing him that the law regarding the time for paying taxes is to be strictly enforced hereafter. In his letter the State Auditor says that it has been the custom of many county treasurers to accept taxes several days after the limit has expired, collecting no penalty for non payment within the time prescribed by law. This is to be stopped. County Treasurer Blackledge does not deny that this has been the custom in Rush county. He has done this and so has every county treasurer ahead of him and he is not at all pleased with the notice from the State Auditor that the law must be enforced, but the way it is put up to him now he will have to enforce the limit or pay the penalty from his personal funds.

The letter of the State Auditor follows:
April 12th, 1905.
To the County Treasurer:

There is a custom on the part of the county treasurers in some counties of Indiana to continue to collect taxes after the first Monday in May and after the first Monday in November, without adding the penalty provided in Section 8570 Burns' Statutes, Revision 1901, and Acts of 1897, page 162.

This custom is wrong, and after this date all county treasurers must close their duplicates for the collection of the first installment of taxes after the first Monday in May and for the collection of the second installment after the first Monday in November and take no taxes thereafter without adding and at the same time collecting the penalty as provided in the above named section.

It is the intention of the State Auditor to have this section enforced; and any county treasurer, in the future, violating this law will be forced personally to pay the penalties, which he has failed to collect as provided in said section.

After the first Monday in May and after the first Monday in November of each year, the treasurer will, as soon as possible, turn over the duplicates to the county auditor, so as to enable him at once to prepare his settlement sheet for use of the treasurer in accounting to the State. The treasurers will all be required to make settlement with the State by the 15th of June and by the 31st of December of each year as provided by law.

Very respectfully,
D. E. SHERRICK,
Auditor of State.

As will be seen, the county treasurer is required to make settlement with the State treasurer by the 15th of June and 31st of December of each year. The following is the law cited by the Attorney General which gives the State Treasurer authority to enforce the order laid down:

"At any time the Treasurer of State shall deem it necessary that any moneys in the treasury of any county, belonging or due to the State, be paid into the treasury of the State, he shall so direct the treasurer of such county, and such treasurer shall forthwith transmit the same, under the direction of the Treasurer of State. Should any treasurer fail to comply with the provisions of this act within ten days after the requisition made upon him, then suit shall be instituted upon the bond of such treasurer so failing to comply, and ten per cent. damages upon the amount of money in his hands, subject to such order, and all accruing costs thereon, shall be recovered of such county treasurer."

Incendiarism Suspected.

Diamond, Ind., April 17.—Fire almost wiped out the business portion of this place, entailing a loss of about \$20,000. The fire is thought to be of incendiary origin and to have some connection with the feud which resulted in the shooting of Marshal Albert Byers a week ago Sunday night by Jesse Doven.

Placed Gun in His Mouth.

Plymouth, Ind., April 17.—Joseph Norris, a farmer fifty years old and unmarried, committed suicide. He placed the muzzle of a shotgun in his mouth, pulled the trigger and blew the side of his head off. He made a similar attempt six months ago.

IS FLATTERING

There is a Continued Demand
for Real Estate and Rental
Dwellings.

The present spring and the coming summer promise to combine in breaking the local record in realty deals. Demands for city property are on the increase and there has been considerable speculation in "town dirt" already done since the warm weather opened. Prices are remaining firm and good property brings good returns. There is still an unfilled demand for modern dwelling houses at fair prices. There are few houses for rent and those with modern conveniences are not on the list. Farm property that lies close to the city is also in much demand and the prices are higher than a few years ago.

BURGLARS AT GING'S STATION

General Store of Joseph Bell
Robbed of \$100 Worth of Goods.
Friday Night.

Sometime during Friday night thieves entered the general store owned by Joseph Bell at Gings and carried off merchandise to the value of \$100. The exact time in which the burglars entered the store is not known as no one saw or heard of the robbery until Saturday morning.

Entrance to the place was gained by prying open a window in the rear of the store, and the goods were carried out that way. Several pairs of fine patent leather shoes, corduroy pants; and a large amount of groceries were taken besides other articles of value. No traces of the goods have as yet been obtained but the work was undoubtedly done by local talent and certain parties are under suspicion.

DETERMINING THE DATE OF EASTER

A Writer in the Scientific American
Gives the Rule for
Calculations.

Next Sunday, April 23d, is Easter. This holiday comes unusually late this year, but in 1943, Easter will come on the latest day possible, on April 25th.

Those who are mathematically inclined will find the following determination of Easter day interesting. First, find the golden number by adding one to the number of the year and nothing the remainder on dividing by 19. For example, dividing 1906 by 19, the golden number for the present year is seen to be 6.

Subtract the golden number from 20, multiply by 11, add 16 (add 15 only for the year 1899 and preceding years) and subtract a multiple of 30. The result gives the day of March on which full moon happens. The Sunday following the full moon that happens on or after the 21st of March is Easter day.

For the present year the golden number was seen to be 6. The product of 14 by 11, with 16 added, is 170. Subtract 120, and we have March 50 (April 19) as the date of full moon. By reference to a calendar, the 19th of April is Wednesday, Sunday, April 23, is Easter day for the year 1905.

Readers may practice the rule by showing that in 1818 Easter fell on the earliest possible date, March 22, and in 1943 it will occur on the latest possible, April 25th.

Will Try It Again.

Lafayette, Ind., April 17.—A special session of the grand jury has been called to make another investigation in the case of Attorney Eacock, charged with blackmail and attempt to blackmail. Eacock was recently indicted, but escaped prosecution by a motion to quash the indictments.

Woman Guilty of Murder.

Logansport, Ind., April 17.—A jury in the Cass circuit court returned a verdict finding Blanche Mitchell, colored, slayer of Ella Swisher, guilty of murder in the second degree and fixing her punishment at imprisonment for life. She was taken to the woman's prison at Indianapolis at once.

Threatening Blaze at Frankfort.

Frankfort, Ind., April 17.—Fire did damage estimated at \$20,000 in the Meifeld building and others adjoining, and for a time threatened the entire east side of the public square.

CIGARETTES ARE GONE NOW

None Are Being Sold in This
City Owing to the New
Law.

Dealers Destroy Cigarettes and
Cigarette Papers—Police are
Vigilant.

Those small crowds of sa'eyed looking young men which were seen on the street corners last evening were not mourning over the loss of some friend, but because Governor Hanly Saturday afternoon signed the proclamation which made the cigarette bill effective. No wonder the young men were sad and down hearted as they would no longer have the opportunity of indulging in the coaxer of dreams of which they were so fond.

The new law which prohibits the sale of cigarettes or cigarette materials or prohibits the smoker from having them in his possession at any time and in any shape or form went into effect Saturday evening. Dealers in this city are inclined to think that the law is rather severe and they object to some of its provisions, but nevertheless they are willing to obey the law and are destroying the cigarette goods which were left on their hands. Sunday the air in the downtown district was full of flying cigarette papers which had been dumped into the street by tobacco dealers. Some of the grocerymen and other dealers burned the material left on their hands today.

The local police have made no arrests for the violation of the new laws, but it is impossible to state when they will start and they are liable to scoop down on the fiends on the least notice.

When seen this morning Mayor Hall stated that the city council would at its meeting tomorrow night decide regarding the methods of enforcement to be used in this city relating the new laws and he stated that the cigarette law would be enforced to the letter.

Attorneys are of the opinion that under the anti-cigarette law it will be unlawful even to have a cigarette, cigarette paper or wrapper in one's possession, no matter how it is obtained, or whether it is to be smoked or not. The law itself, after prohibiting the manufacture, sale, exchanging or giving away of cigarettes, adds that it shall be unlawful for any person to "keep or own, or be in any way concerned in keeping or owning any such cigarettes, papers or wrappers." Although the State Attorney General's office has not given an official opinion on the question, it is thought there that the law amounts to an absolute prohibition against having a cigarette in one's possession.

The question arose from the fact that many cigarette smokers are depending on being able to procure their favorite smoke from dealers outside the State in "original packages." Once bought and in the possession of a resident of the State, it is thought the owner is amenable to the law, and may be prosecuted for having cigarettes in his possession, whether he obtained them in a lawful way or not.

There is some question as to whether, under the provisions of the law, it would be possible for a person to make a cigarette, using some paper that was not made expressly for use as cigarette paper. There is a prohibition in the law concerning "cigarette paper or cigarette wrappers or any paper made or prepared for the purpose of being filled with tobacco for smoking." This specifies distinctly that paper made for this certain purpose is for smoking. Whether other forms of tissue paper made for other uses, could be barred, and whether cigarettes made with such paper would be called cigarettes within the meaning of the law, are questions that will be settled only when individual cases under the law arise.

It is understood that the tobacco trust will at once make a test case in order to thoroughly try the constitutionality of the new law.

Serious Cutting Affray.

Mattoon, Ill., April 17.—Thomas Beveridge, twenty-three years old, nephew of United States Senator Beveridge of Indiana, seriously stabbed James Datewood, Sunday. The fight followed a quarrel in a saloon. Datewood assaulted Beveridge, who drew a knife and slashed him in the face and side. While attempting to escape arrest Beveridge was shot twice by an officer. Both injured men are in the hospital, but will recover. Warrants have been issued for their arrest as soon as they are able to leave the hospital.

DON'T SNUB HIM.

A Boy is Not a Fool Because
He Wears Old Clothes or is
Afflicted.

Don't snub a boy because he wears shabby clothes. When Edison, inventor of the telephone first entered Boston, he wore a pair of linen breeches in the depth of winter. Don't snub a boy because his house is plain and unpretending. Abraham Lincoln's early home was a log hut. Don't snub a boy because of the ignorance of his parents. Shakespeare, the world's greatest poet, was the son of a man who was not able to write his own name. Don't snub a boy because he chooses a humble trade. The author of Pilgrims Progress was a tinker. Don't snub a boy for physical disability. Milton was blind. Don't snub a boy because his eyesight is impaired. Lend him a helping hand. Don't snub a boy because of dullness in his lessons. Hogarth, the celebrated printer and engraver, was a stupid boy at his books. Don't snub anybody. Not only because he may some day outstrip you in the race of life, but because it is neither kind nor right, nor Christian like. —Ex.

BANKS-REESE

Well Known and Popular Glen-
wood Couple Married on
Sunday.

Hugh Banks and Miss Fern Reese, of Glenwood, were united in marriage April 16th, 1905. Rev. W. W. Sniff performed the ceremony at the parsonage. Emory Putman and Miss Ruby, the bride's sister were present at the ceremony. The bride's parents gave a reception at their home in Glenwood. Only a few guests were invited. Justus Rees and wife, Mr. Oscar Reese and wife, Mr. Bunzendorf and wife and Mr. Orlando Nichols. Both of the parties are highly respected young people and we join with their many friends in wishing them much happiness.

FELL FROM A LOW SCAFFOLD

Body of James F. Gregg Brought
to This City Sunday—Fun-
eral Tomorrow.

The body of James F. Gregg, who fell from a scaffold while working on a new house at Raymond and Charles streets in Indianapolis Saturday morning, was brought to this city Sunday morning at 9:03, and taken to the home of Miss Belle Gregg and Mrs. Emma Craig, sisters of the deceased, who reside at the corner of First and Jackson streets. The funeral services will be held at the residence Tuesday afternoon at 1:30 o'clock, conducted by Rev. V. W. Tevis, pastor of St. Paul's M. E. church and under the auspices of Ivy Lodge No. 27, Knights of Pythias, of which the deceased was a member.

Gregg was at work on a scaffold not more than sixteen feet from the ground. The fall may have resulted from heart failure, loss of balance from dizziness or from a mis-step. The coroner of Marion county will investigate. In the fall Gregg struck a tree which turned the course of the body and caused him to drop head downward. The neck was broken and the skull fractured. The Indianapolis city ambulance was summoned but upon its arrival Mr. Gregg was dead. The body was taken to the city morgue and then to Tutwiler's morgue.

Mr. Gregg was born and raised in Rushville. He was a brother of Will Gregg, who resides on South Jackson street. A widow and three children, Fred and Court Gregg, and a little daughter survive. The deceased held a life insurance policy for \$3000 in the Royal Arcanum. He left Rushville fifteen years ago.

THERE NEED BE NO DELAY

No Postponement of Wed-
dings is Made Necessary in
Rush County.

The Questions Which Persons
Who Want to Marry Must
Answer.

Prospective brides and grooms in Rush county need have no fear of being unable to secure marriage licenses after the taking effect of the new law governing the issuing of the licenses. Saturday County Clerk Posey received the blanks which are required and is ready to issue marriage licenses after the latest and most approved fashion.

Under the new law, before a marriage license is issued, the applicants must obtain blank applications to which the signatures of both the contracting parties must be obtained. These are then returned to the clerk, who will pass on the qualifications of the applicants, and, if proper, issue the license. In case the applicants do not meet the qualifications, it is the duty of the clerk to report to the judge of the court at once.

The questions in the blanks which must be filled out are the same for both the male and female applicants except that the provisions in regard to the ability of the male applicant to support a family are not required of the female applicants. The following information concerning the male applicants must be given:

Full Christian and surname of the man—His color—Where born (town, county, State or country)—When born (Day month and year)—Present residence—Present occupation—If no occupation, what means has the male contracting party to support a family?

Is the male contracting party of nearer blood kin to the female contracting party than "second cousin?"—Full Christian and surname of father—His color—His birthplace—His occupation—His residence—Full Christian and maiden name of mother—Her color—Her occupation—Her birthplace—Her residence—Has the male contracting party been an inmate of any county asylum or home for indigent persons within the last five years?—If so, is he now able to support a family and likely to do so continue?—Is this his first marriage?—If not, how often has he been married?—Has such prior marriage, or marriages, been dissolved?—If so, how?—When?—Is the male contracting party afflicted with epilepsy, tuberculosis, venereal, or any other contagious disease?—Is he an imbecile, feeble-minded, idiotic or insane, or is he under guardianship as a person of unsound mind?

The application which must be filled out by the woman is identical with the exception that she is not questioned concerning whether she is any nearer kin than a second cousin of the man she intends marrying.

WEATHER STILL DISAGREEABLE

A Cheerless Sunday is Spent in
Rushville—Wind Continues
Cold.

Without relief in sight this city is seemingly in the grasp of a cold wave, the possible damage from which can hardly be estimated at present.

At 7 o'clock last night the temperature stood at 36, with a prediction that it would go to several degrees below freezing this morning, with damage to the fruit imminent if this weather continues.

At 7 o'clock yesterday morning the thermometer registered freezing and for a time it looked as though it would go down instead of up, but with a desperate struggle the mercury jumped up to 39 during the day, but for the most part was stationary.

This is regarded as something unusual in view of the high temperatures that have preceded it. The forecast for today is for fair weather, but warmer temperatures are not in sight. The cold wind continues to blow and the dust is fearful.

Lynching is Threatened.

Little Falls, Minn., April 17.—The dead body of Annie Rinton was found in the woods about four miles from here. There were evidences of outrage. Two negroes were seen in the vicinity of where the body was found and if they are caught it is feared a lynching will follow.

IN WABASH RIVER

Large Monster is Reported—Has,
However, Not Been Seen
Closely.

Fishermen along the south banks of the Wabash river at Logansport say they have seen repeatedly a monster rising out of the waters of the old Wabash river race, and after disporting itself for short intervals on the banks of the stream, disappears again beneath the surface of the water.

The theory of some people is that the reptile is a Gila monster, which has escaped from a museum, while others allege that it answers the description of a Mississippi water dog.

Its body is about two and a half or three feet in length, and has a short pointed tail. It has four crooked legs and a skin like an eel.

POSTOFFICES PUT OUT OF BUSINESS

Rural Free Delivery Discontin-
ues 350 Postoffices in
Indiana.

Three hundred and fifty postoffices that for years have flourished over the State are no more. Under the rural free delivery system they have been abolished. The people throughout the State seem to be very well satisfied with the change as they are served to far better advantage by the rural carriers, and papers six days in the week help to keep the farmer posted and during the winter months he has the advantages over the people in the cities whose only chance to see a paper is as they go to their places of business on the street cars, while the farmer has his afternoon and evenings in which to find out "what's doin'" in this old world.

MOORE GOES TO VIRGINIA LEAGUE

Carter Turns Down an Offer
from Vincennes—Rush-
ville's New Twirler.

Moore, the left fielder secured by Rushville, has been released to the Greensboro, N. C., club in the Virginia State League, and left for that place this evening. Knox, the Evansville player, who played left field with Rochester here last Wednesday, wants to come here and President Geraghty is negotiating with him as to salary. Knox is an all round player and a very hard hitter. Eddie Carter yesterday received an offer of \$100 per month from Manager Kolb, of the Vincennes club in the K. I. T. League club, but while on his way to the long distance telephone to accept, backed out and decided to remain here. In order to secure Carter, Manager Kolb offered to trade a pitcher, catcher and a short stop for Carter. Mr. Geraghty was willing to make the deal, but Eddie balked.

The Rushville management has secured Pitcher Irvin, the Attica twirler who last season defeated Jot Goar and his Connersville aggregation at Connersville by a score of 3 to 2. Irvin is under contract with the Bloomington Three I League team, but refuses to go. He pitched a practice game about a week ago against the Chicago White Sox, and held them down to two hits.

Rushville is gaining quite a reputation among the league teams as a place from which to secure good players, but the fans are anxious that the local management settle upon a squad of men and hold it until the team is finally chosen. Every effort should then be made to hold the team together throughout the season. Rushville plays Richmond in this city on Thursday of this week. Lawrence Geraghty will pitch the game for Rushville.

The local high school base ball team met defeat Saturday afternoon at the South Main street ball grounds at the hands of the "Silent Hoosiers," a team representing the Deaf and Dumb Institute at Indianapolis, by a score of 4 to 1. The game lasted eleven innings. Four hits off Geraghty in the eleventh netted the visitors three runs.

TRACTION LINE TO BROOKVILLE

Connersville Capitalists Want
a Line From That City to
Cambridge City.

Road May Soon be Built—the In-
corporation Papers Have Al-
ready Been Filed.

Connersville business men and capitalists are considering the building of an electric line from Cambridge City to Connersville and from there to Rushville.

The gentlemen interested have decided to enter their request for a franchise in Connersville without delay. They have been assured of the support of a large amount of capital and propose to commence immediate operations as soon as proper franchises are granted.

According to the Connersville papers, the parties interested mean business and are not promoting the enterprise as mere pastime. They have already sent their incorporation papers to the secretary of State and this evening the company will apply to the Connersville city council for a franchise for the use of that city's streets.

The company will likely be known as the Valley Traction company. It has two or three routes south under consideration. It is planned that surveys and contractors' estimates will be made and work commence at once if the concessions, which the new company desires, are granted. An opportunity will be given local parties who desire to assist the road, to subscribe a limited amount of stock, although it is believed that enough capital is in sight to complete the whole line without unreasonable delay.

ATTACKED BY BULL.

Frank Bruner, a young farmer living about five miles southeast of Connersville, had a thrilling experience with a mad bull Saturday morning, and was seriously, if not fatally injured. The unfortunate man had gone into the barn lot to separate a cow from its calf when without the least warning, he was viciously attacked by a bull, which came up with a lunge from behind Mr. Bruner, and before he could get out of the way he was gored in the back and violently hurled against the side of the barn. A farm hand who was working in a shed nearby, drove off the animal and carried Bruner to the house.

NURSES MUST HAVE TRAINING

New Law Puts the Make Be-
lieve Trained Nurse Out
of Business.

Cupid received another blow at the hands of the last general assembly, which passed a law making it necessary for all trained nurses to have been trained for not less than two years in a special school or to have been nursing for seven years, but in both cases over 21 years of age and they must be registered. No more will the sweet girl graduate go forth to capture her affinity by means of bewitching, sweet white gown and cap. She will have to work hard for two years in a training school for nurses, and then put in six hard months at real hard work in a hospital before she can be registered.

Until January 1, 1906, all nurses at present in the business, and who have had either the training or experience, will receive a license upon application to the new board of registration, for which a charge of \$5 will be made. Until June, 1908, any nurse now qualified can get a license for the same price, but after that time it will require a diploma and a \$10 note to register. She must then present her certificate of registration to the county clerk, who will keep a record of all nurses in his county, under the direction of the State board of registration.

THE SIMPLE LIFE

Vice President Fairbanks Enjoying a
Season of Quiet Leisure.

Indianapolis, April 17.—Vice President Fairbanks, who came home two weeks ago, is living more quietly than at any other time since his first election to the senate. He is enjoying his beautiful North Meridian street residence. Generally his trips to Indianapolis have been interrupted by an almost constant stream of job-hunters, but having no patronage to dispose of, they are not molesting him. The vice president, however, is an inveterate worker, so time does not hang heavily on his hands. It has been the custom of his life to be up and dressed before 6 in the morning, and he is still a very early riser. He enjoys work, but the last year and a half have been unusually strenuous, so he has relaxed for the present. He is sticking closely to his home, but many party leaders and social friends are visiting him. So far there is no evidence that he is paying the slightest attention to party affairs in Indiana, but it is probable that he has his weather eye on the situation, as he generally knows what is going on about him. The vice president has no definite plans for his summer vacation, but he will probably spend most of it in Indianapolis. It is home to him and he likes it thoroughly. He has accepted invitations to deliver a number of speeches. He will return to Washington shortly to preside over a congress of railway men, but he will not be away from here long.

Owing to the wrangle over the selection of delegates, considerable interest is displayed by the Republican leaders in the outcome of the First district congressional convention at Rockport tomorrow. It is generally believed that George A. Cunningham of Evansville will be returned a winner, inasmuch as he is the only candidate from Evansville. It is said that he has twice as many votes as John W. Brady of Princeton, his only opponent, but Brady is putting up a hot fight. The convention promises to attract most of the candidates for places on the state ticket who will be given a chance to electioneer. It is not known who the Democrats will nominate. Most any of the party leaders could have the place on the ticket merely by asking for it, as there is not even a faint hope of defeating the Republican nominee under present conditions. Cunningham, who seems to have the cards to succeed to Senator Hemmenway's old place, is a politician of the machine type and a lawyer of considerable ability. He has enjoyed a large corporation business for several years, and many wonder at his accepting a nomination for congress. He has been district chairman most of the time since Senator Hemmenway was elected to congress ten years ago.

Attorney General Miller, at the request of State Superintendent of Public Instruction Cotton, rendered an opinion on the teachers' minimum wage law enacted by a recent legislature. Miller holds the law constitutional and declares all contracts made in conflict with it as void. In Switzerland, Gibson and other counties trustees have disregarded the law, employing teachers at figures lower than the minimum scale. Miller says the state cannot have good schools without well-qualified teachers, and that the latter cannot be obtained unless good wages are paid. He adds that the legislature has a right to fix the minimum wage and prescribe qualifications for teachers and to prevent the employment of those who are unqualified. The minimum wage law, he says, is not for the benefit of the teacher, but for the benefit of the schools and the public, and all contracts made in conflict with it are void. The decision is of far-reaching significance in an educational way, and Superintendent Cotton says he proposes to proceed at once to enforce the law.

Algiers Shows Enthusiasm.
Algiers, April 17.—King Edward and Queen Alexandra arrived here Sunday on board the British Royal yacht Victoria and Albert. The French and British men-of-war in the harbor saluted the royal yacht. Visits were exchanged with the governor. The populace showed great enthusiasm. King Edward remained on board the yacht.

Victims of Open Gas Burner.
Philadelphia, April 17.—Louis Heck, jr., musical director of Keith's Chestnut street theater, and his wife, known on the stage as May Bell Eckert, were found asphyxiated by gas Sunday in the bedroom of their apartment in this city. Two burners of a chandelier in the room were open, it is believed by accident.

Strike Settlement Promised.
Chicago, April 17.—Labor leaders are in conference today with Mayor Dunne, who says that he has hopes of an early settlement of the teamsters' strike against Montgomery Ward & Co. The coal teamsters have decided to refuse to haul coal to the Montgomery Ward building.

A NEW PHASE OF IT

"The Yellow Peril" Is Again Claiming Discussion.

St. Petersburg, April 17.—The Novoe Vremya prints a dispatch from New York saying that "the yellow peril" is now not derided. Farseeing business men with their eyes on the Chinese markets have, according to this dispatch, finally awakened to the growing political influence of Japan over China and the prospect of complete industrial domination in the future. American hostility to Russia, the dispatch continues, is really not against Russian occupation of Manchuria, but is due to the belief that it intended to monopolize the trade of this rich Chinese province. The dispatch says the existence of a secret Sino-Japan treaty is already hinted, and adds, "the danger threatens Europe as well as America; and if Rojstvensky is beaten, all the powers, under the leadership of America, may join to make peace."

Editorializing on this dispatch the Novoe Vremya says it is no longer the "Yellow Peril" which Europe and America are facing, and refers to the words of a French savant, who, when asked how long the war would last, replied, "Two hundred years. Europe does not seem to understand the horrible truth."

The Novoe Vremya predicts that "The enigma of the future historian will be the indifference, even the hostility of some European nations toward the great struggle between Japan and Russia, which reads inevitably a conflict between Asia and Europe," and quotes the words of the vice governor of Jerusalem on the awakening of the Arabs in Asiatic Turkey to show the deep seated hatred of Asia toward all Europeans and the eventual menace to Europe—not the Yellow, but the Asiatic peril.

Dismissed the Congregation.

St. Louis, April 17.—Captain James A. Rider, sixty-six years old, for four years the janitor of the St. James Memorial Episcopal church, committed suicide Sunday by shooting in a room adjoining the auditorium, where the rector of the church was conducting devotional services. The sound of the shot was plainly heard by the congregation, but there was no excitement. One of the vestrymen investigated and reported to Dr. Duckworth, who announced from the pulpit a brief statement of what had occurred. He requested that the congregation leave the church at once.

MILLER ON TRIAL

Much Interest Centers in
Prosecuting Attorney's
Hearing.

MISCONDUCT IS ALLEGED

Movement to Impeach Public Prosecutor Will Be Followed by Disbarment Proceedings.

A Similar Case Against Miller's Law Partner Will Come Up at Next Term.

Bloomington, Ind., April 17.—The case against Prosecuting Attorney Robert G. Miller of this district for alleged misconduct in carrying out his duties came to trial today. Although Miller's attorneys have entered demurrers, pleas of abatement, denials of the court's authority and the like, they now say they are ready to fight the case on its merits. The prosecuting committee will first try to impeach Miller. There are three methods of doing this under the statute, and the committee has taken the one by means of affidavits.

Judge John C. Robinson of Spencer is sitting in the case, as Judge Wilson is to be used as a witness by the defense. Sheriff Hough has summoned over fifty witnesses. It is said that some persons, fearing to testify in the case, have left the city. As it is the first case of the kind that ever came before the Monroe county court it is thought it will move slowly and occupy all the week for testimony. After the impeachment proceedings are disposed of the court will take up the disbarment case against Miller. A similar case against Miller's law partner, A. M. Hadley, will not be tried until the next term of court.

SERIOUS CHURCH ROW

Question of Church Policy Ends in Preacher Using Knife.

Lebanon, Ind., April 17.—A sensation was created here when it became known that the Rev. John Dodge, pastor of the Holiness church here, had stabbed and seriously injured Oscar Johnson, a member of his congregation, in a quarrel which grew out of a discussion of church policy in a meeting of the congregation. The pastor took sides in the argument, and when Miss Mamie Chambers, a young church worker, took a decided position on the opposite side from him, the two locked horns. Their quarrel grew so heated that Miss Chambers lost her temper and gave the pastor a smart slap in the face. The pastor's wife was an onlooker and had remained silent until the blow was delivered. Then she made for Miss Chambers and the two fought up and down the church aisles.

Seeing that Miss Chambers had fair to get the worst of the fight, Oscar Johnson, said to be Miss Chambers' sweetheart, jumped into the fray to take the part of the young woman. At this point the preacher is alleged to have drawn his knife, sprung upon Johnson and plunged the blade deep into his back.

Johnson was carried to the office of a physician nearby, where his wounds were dressed. The physician states that Johnson will live unless complications set in. The Rev. Mr. Dodge was arrested on a charge of assault and battery. He gave bond for his release.

CLUE TO WARSHIPS

Part of Rojstvensky's Fleet
Sighted in a Bay Off
Cochin China.

THAT WAS LAST FRIDAY

Since Then No Word Has Been Received Nor Is There Any Evidence of a Naval Battle.

Rumor of a Small Engagement Receives No Confirmation in Any Responsible Quarter.

St. Petersburg, April 17.—There is no information from Vice Admiral Rojstvensky's squadron, but the admiralty would not be surprised to learn of skirmishing between scout ships today or tomorrow and the inauguration of torpedo boat warfare soon is not unexpected. The naval organ here expresses the opinion that Togo was taken completely by surprise when Rojstvensky suddenly appeared at the entrance of the China sea, and is now concentrating his widely scattered fleet near the Pescadores, where it is believed a sea fight will probably occur.

London, April 17.—There is as yet no news of a naval battle in the far East or of the whereabouts of the rival fleets. The Hong Kong correspondent of the Daily Mail sends a rumor of a small engagement, but there is no confirmation of this report. Details regarding the Russian ships in Kamran bay, Cochin China, are too meager to be instructive. According to the Daily Mail's Singapore correspondent the North German Lloyd steamer, Prinz Heinrich, saw five battleships and six cruisers in the bay, but the dispatches to others of the London newspapers are not so precise. The Daily Telegraph's Singapore correspondent, like the Associated Press, merely reports "eighteen vessels and adds that the captain of the Prinz Heinrich states that possibly more war ships were inside the harbor, but that they were invisible from the offing."

The presence of the Russian squadron off the Annam coast is arousing keen interest here, in view of the possibility of their infringing Chinese neutrality and of the likelihood of Rojstvensky having had to split his squadron. The Morning Post's correspondent at Shanghai telegraphs that China has instructed the governors of the Southern provinces to maintain strict neutrality in view of the possibility of Russian ships sheltering there.

Russian Squadron Sighted.

Singapore, April 17.—The North German Lloyd steamship Prinz Heinrich reports that she sighted eighteen vessels of the Russian Baltic squadron in Kamran bay, about 200 miles northeast of Saigon, at noon on Friday last. The steamer did not sight any Japanese warships.

FROM THE FRONT

Japanese Advances of a Brisk Minor Engagement.

Tokio, April 17.—The following official announcement was made Sunday: "The force advancing north from Singking, driving the enemy before them, occupied Yingcheng, thirty-eight miles north of Singking, at 1 o'clock on the afternoon of April 14. A detachment of the same force, co-operating with cavalry, occupied Pachiatzu at 6 o'clock in the evening of the same day. The enemy's force near Pachiatzu consisted of seven sot-nias of cavalry and one battery of artillery. They first retreated toward Yingcheng, then came back to Pachiatzu. Finding it occupied, they were thrown into confusion and retreated in great disorder over Pelling pass, two miles north of Pachiatzu. There is no change elsewhere."

More Anti-Jewish Demonstrations.

St. Petersburg, April 17.—Serious disturbances of an anti-semitic character, in which soldiers of the garrison joined, is reported to have occurred at Chelyebinsk. In Orenburg several public buildings have been sacked. Troops have been sent there to restore order.

Thirty Thousand in Parade.

Tokio, April 17.—Thirty thousand employees of the arsenal paraded Sunday in celebration of the fall of Muden. They visited the palace and cheered the emperor and afterwards went to the war and navy departments and cheered the ministers and their staffs.

Defense Zones Proclaimed.

Tokio, April 17.—The navy department has proclaimed defense zones surrounding the Pescadores, the Island of Okinawa in the Loochoo group, and the Islands of Oshima and Etm off the province of Osumi. The usual navigation restrictions apply.

Serious Labor Disturbances.

St. Petersburg, April 17.—Almost a state of siege exists in the Narva quarter, owing to the suspension of the Pullout iron works. Soldiers are stationed inside the works and Cossacks and police swarm in the surrounding streets.

Pope Pius X. Sunday received in the hall of the consistory 150 Americans, whom he said he was pleased to meet.

The next general session of the National Educational association will be held in Asbury Park and Ocean Grove, N. J., next July.

The fourth annual convention of the American Physical Education association is in session at Columbia University, New York.

In a head-on collision between two freight trains on the Erie railroad at North Tonawanda, N. Y., two engineers were killed.

A McDougall Kitchen Cabinet Worth \$27.00,

SATURDAY, APRIL 22, 1905, AT FOUR P. M.

We want every lady in Rush County to examine this wonderful Cabinet and have arranged a Special Exhibit of

McDOUGALL KITCHEN CABINETS

TO BE HELD AT OUR STORE THROUGH-
OUT THE ENTIRE COMING WEEK

Every Lady visitor will be presented with a numbered coupon one of which secures the Cabinet,

The McDougall Kitchen Cabinet was the most attractive and interesting feature of the "Model Kitchen" at the St. Louis Exposition. The model used there by Mrs. Rorer will be on display, together with many others, offering a wide range of choice in the arrangement of bins, drawers and cupboards.

The McDougall Kitchen Cabinets are the result of the most painstaking study and experiment on the part of a large staff of competent artists, architects and skilled wood-workers. Domestic Science experts throughout the country give to them most unqualified approval. Every housewife will recognize at a glance their practical utility.

The McDougall Kitchen Cabinets

Are Destined to Revolutionize Housework
By the Introduction of System.

They offer a solution of the servant problem. They cut in half the time and strength now spent in cooking. No kitchen, however elaborate, is complete without one. No kitchen, however modest, but needs one. It is an indispensable article in every properly equipped kitchen. The Cabinets will be attractively dressed, as though in actual use, thus affording the most complete and pleasing exhibit of kitchen furniture ever yet attempted.

A copy of Mrs. S. T. Rorer's valuable book on "Kitchen Economy" will be given to each visitor.

BE SURE AND VISIT THIS INTERESTING EXHIBIT.

These are the Cabinets you have seen advertised in the leading women's magazines. They are distinctly different from anything you have ever seen, and so far superior to anything in the way of kitchen furniture heretofore devised that you can hardly realize from the description the hundreds of ways in which you could use one of them in your own home. You must see them for yourself to fully appreciate their wonderful advantages.

SECRET SESSIONS

Will Mark the Coming Meet-
ing of the International
Railway Congress.

A THOUSAND DELEGATES

Forty-Four Countries and Four Hun-
dred Thousand Miles of Railway
Will Be Represented.

Vice President Fairbanks, as Hono-
rary President, Will Open the
Congress.

Washington, April 17.—Nearly one
thousand delegates, the owners and
operating officials of upward of 400,
000 miles of railway in forty-four dif-
ferent countries, constitute the per-
sonnel of the International Railway
Congress, which is to hold a ten days'
session in this city beginning May 4
next. At the close of the congress
the delegates are to make a thorough
inspection of the railways of the
United States, particularly with re-
ference to equipment and shops. The
congress is somewhat unique in its
organization, purposes and manner of
conducting its affairs. It was orga-
nized in 1885 and has held sessions
every five years since. Its first ses-
sion, held in Brussels, celebrated the
fiftieth anniversary of the opening of
the Belgian railways. Milan, Paris,
St. Petersburg and London have been
meeting-places since, Paris having
had two sessions. At the session in
that city in 1900, the invitation of
President McKinley to hold the next
meeting in Washington was accepted.
Congress at its last session enacted
appropriate legislation, committing
this government to participation in the
congress.

In the absence of President Roose-
velt, Vice President Fairbanks will
accept the post of honorary president
and open the congress with an ad-
dress of welcome, afterward extending
the courtesies of the nation to the de-
legates at the White House.

The preliminary formalities over,
the congress will resolve itself in five
sections and proceed to its discussions
in French and in secret. All of the
papers to be presented have been un-
der consideration for some years, all
have been printed and the delegates
are thoroughly familiar with their
contents. All of the topics to be con-
sidered are technical and necessarily
devoid of popular interest.

The honorary presidents, represent-
ing the railways of this country, will
be Messrs. A. J. Cassatt and E. H.
Harriman, while the actual president
will be Stuyvesant Fish of the Illinois
Central railroad. The lines these
three gentlemen represent touch one
another and form a continuous line of
rail from the Atlantic to the Pacific,
passing through the heart of the con-
tinent and extending from the great
lakes to the gulf.

NEW LAW ENFORCED

St. Louis Finds That It Can Go "Dry"
for a Day.

St. Louis, April 17.—For the first
time in six years St. Louis has been
a "dry" town for twenty-four hours
and for the first time in history the
"dryness" has been complete, even
side doors being closed. Not only
was yesterday a dry Sunday, but it
was a shaveless, shoeless, smokeless
and almost a hungry Sunday as well.
Promptly at midnight Saturday night
the saloon lights were extinguished
and the patrons were requested to
depart at once. Barber shops immedi-
ately closed, news and cigar stands
followed suit, small grocery shops
and delicatessen stores shut up shop
and the large downtown restaurants
did not open their doors Sunday.

CONNERSVILLE MAY HAVE LINE

Street Railway System to be
Inaugurated In That
City.

According to the Connorsville Ex-
aminer the talk of a street car line in
Connorsville is again being agitated.
A company composed of J. E. Jeffries,
of Alexandria, W. Everett Lewis,
George O. Flores, Lena O. Burgess
and R. Neil Burgess as directors has
been organized and the articles of in-
corporation will be filed with the sec-
retary of State immediately.

The company will apply at the
meeting of the Connorsville council
next Monday evening for a franchise
for the use of the streets.

The primary object will be the
building of a street car line, but it
will also have the privilege of oper-
ating interurban roads if it shall so de-
sire. The company will be incorpo-
rated at \$100,000 capital, having 1000
shares valued at \$100 each. The com-
pany also expects to operate a line to
Roberts Park.

Lost Guns and Stores.
Constantinople, April 17.—News re-
ceived here from Hedeida is to the
effect that the situation at Sana is
precarious, necessitating a new relief
expedition because General Riza Pa-
cha, aide de camp to the sultan, lost
all his guns and stores in recently
fighting his way into Sanaa.

DUMPED POTATOES INTO THE RIVER

Warm spring weather caused holders
of potatoes to hurry their stock to
market in some localities. A farmer
in Huron, O., was so disgusted at the
low price offered him that he drove
to the river and dumped a wagon load
of potatoes into the stream, refusing
to sell them. In some Ohio cities po-
tatoes were wholesaling at fifteen to
seventeen cents a bushel.

ON TRIAL AGAIN

Nan Patterson Arraigned for Third
Time on Murder Charge.

New York, April 17.—Nan Patterson
was today arraigned for her third
trial on the charge of murdering
"Caesar" Young, a bookmaker. The
prisoner is in excellent spirits and
anxious that the trial shall go on
without further delay. The first trial
of the girl was suspended after sever-
al days had been consumed in se-
curing a jury and after the taking of
testimony had progressed to a criti-
cal point. One of the jurymen be-
came ill, the attack becoming so se-
rious as to necessitate the declaration
of a mistrial. The second trial went
to a conclusion but resulted in a dis-
agreement of the jury, after the
twelve men had deliberated for an
entire day and night. The foreman
reported to the court that the jury
was hopelessly divided, so a mistrial
was finally ordered. It was said af-
terward the jury stood six for acquittal
and six for conviction.

The third trial was set for Monday,
April 10, but was postponed until to-
day at the request of the district at-
torney, who desired to have the mat-
ter of the extradition of the J. Morgan
Smiths from Cincinnati settled before
the hearing should proceed. It is said
that Hyman Stern, the pawnbroker
from whom it is alleged the pistol
with which Young was killed was
bought, has been unable to identify
Smith and a serious question has
arisen at the district attorney's office
as to whether or not the Smiths will
be called as witnesses.

SIGNIFICANT RESOLUTION

National Council of Women Decries the
Double Rule of Living.

Washington, April 17.—Resolutions
touching the questions of the true
family life and other subjects have
been adopted by the National Council
of Women in executive session. They
are as follows:

"Believing that the progress of hu-
manity is best furthered by the im-
provement of the individual and that
the improvement of the individual is
dependent upon hereditary environ-
ment and nurture, be it

Resolved—That the perfection of
the home, the institution in which
heredity is fixed, the first environ-
ment of the child formed, and its first
nurture received, should be the object
of the solicitude and the endeavor of
every man and every woman who
loves humanity and would serve it.

"Also believing that the home can
be perfected only in a society which
requires equal personal chastity of
men and women, and confers equal
responsibility upon both, therefore,

"Resolved—That the National Coun-
cil of Women of the United States re-
joices in the organization of its Fifth
triennial of two committees which
will focus its endeavors upon equal
political liberty of women with men,
and equal personal purity of men
with women."

Eig Bridge About Ready.

St. Louis, April 17.—The new steel
bridge constructed by the St. Louis
Southwestern railway over the Mis-
sissippi river at Thebes, Ill., will be
opened to traffic tomorrow. The
bridge was erected at a cost of \$3,500,
000 and three years of labor. It is a
double-tracked, high level structure,
the plan involving what is known as
the fixed, through and cantilever
spans. There are five spans. The
bridge is 231 feet high, 2,807 feet in
length. The opening of the structure
to traffic will cause the ferriesboats to
be abandoned and result in shortening
the Cotton Belt's schedule time.

His Sixth Victim.

Albany, Ga., April 17.—John Man-
ner, marshal of Pretoria, Ga., was shot
and almost instantly killed Saturday
night by Pete Thomas, a negro.
Thomas had been creating some dis-
order. The negro was captured about
noon Sunday by Sheriff Edwards, hav-
ing been twice wounded as he ran
from the scene of the tragedy. He
made the statement to the officer who
arrested him that Manier was the
sixth man whose life he had taken.

Maid of Honor For South.

Mount Sterling, Ky., April 17.—Miss
Anna Johnson of this city has been
appointed maid of honor for the en-
tire South at the Confederate re-
union to be held in June. The ap-
pointment was made by Commanding
General Stephen D. Lee, and is a
great honor. Miss Johnson will at-
tend the reunion with her father, Col.
Thomas Johnson, who is the oldest
living Confederate soldier, being nine-
ty-three years of age.

Rheumatism

Vanishes.

This troublesome disease, as we all know, is caused by im-
pure blood. Impure blood is more
often than otherwise the result of a
torpid liver and inactivity of the di-
gestive organs. Get and keep your
digestive organs in good running
order and the blood will purify itself
— then Rheumatism disappears.
There is no treatment or remedy
more effective in the relief and per-
manent cure of all ailments arising
from a sluggish liver, like Rheuma-
tism, Indigestion, Headaches, Kidney
troubles, Nervousness, etc., than

SEVEN BARKS.

It is not a Patent Medicine, but a
pure vegetable preparation, extracted
from the bark of a specially
grown species of the Hydrangea
plant and is compounded by chem-
ists of long experience.

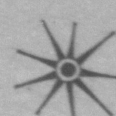

Try a bottle. If found not all claimed
for it, return to the druggist and get your
money back, or if you cannot spare so cents
for a bottle, write us and we will send you a
sample with our compliments. We are deter-
mined everybody shall try "Seven Barks."

We sold more **PURITY AND INDIANA PRIDE FLOUR** in Rushville last week than any previous week since starting our mill, this proves that "Quality" will win, and also that the people of Rushville prefer to patronize "home industry".

We assure the public that we will always try to maintain the "High Standard" our Flour has reached, and at all times will be found trying to improve it, as we intend to be second to none.

We Have Opened the Soda Season.

Our Soda Fountain is now open and dispensing soda drinks, which are even better than those which we made such a big reputation on last year.

Pure fresh soda water, delicious flavors, cleanly, dainty service—that's what Johnson's soda water stands for. Our customers are continually complimenting our soda and it certainly deserves praise, it tastes so good, and is so pure and fresh. Want you come in and put a glass where it will do the most good.

Grensburg News, Friday: It was announced this morning through responsible parties that Greensburg will soon be the home of another factory. On this occasion the new industry will be for the purpose of making shirt-waists and will be known as the shirt waist factory. Backing the new concern are two of the city's most prominent and industrial business men, and providing that it is a go, which in all probability it will be, the factory has every promise of being one of the city's foremost industries. The new concern will employ something like fifty people and will be a good addition to Greensburg.

RAILROAD NOTES

The Big Four people contemplate improvements to the train service on the Michigan division with the taking effect of the spring time table. A new fast train from Indianapolis to Michigan pleasure resorts will be put on in addition to the present service.

Speaking of Sunday excursion business a passenger officer of the Big Four made the statement that when the regular excursions are started there will be on each train two police officers, in citizens' clothes, to preserve order. There is usually a number on an excursion who get on too friendly terms with "tangle foot," and it is to restrain their boisterous tendencies and to see that the interests of other passengers are protected that the police officers are to be put on the trains.

Hannibal was crossing the Alps. "Yes," he boasted, "I know Italy lies beyond 'em. A sweet girl graduate told me so." Armed with this information he marched valiantly forward.

CHURCH NEWS

FIRST BAPTIST CHURCH.

—Services were conducted Sunday morning and evening by Rev. Beadle.

CATHOLIC CHURCH.

—The services were particularly impressive yesterday, it being Palm Sunday.

—Father Rowan announced yesterday to the disappointment of his congregation that the three new altars, which they had hoped to have for Easter Sunday, would not be finished for two weeks longer.

MAIN STREET CHRISTIAN CHURCH.

—The Pastor's Aid Society will meet Tuesday at 2:30 at the home of Mrs. Sarah Guffin on North Morgan street.

—In anticipation of Easter Sunday, there will be special services held at this church every evening during the week. Special music has been arranged for each meeting. Rev. Sniff's subject tonight is "Cleansing the Temple."

—At the meeting at the Main Street Christian church this evening, Miss Spurrer will sing "I am Praying for You." During the week she will sing several pieces which have been specially requested—Ben L. Smith and brother Alfred went to Fairmount today to see their sister, who is ill.

UNITED PRESBYTERIAN CHURCH.

—The Woman's Missionary Society will meet with Mrs. A. F. Stewart Wednesday afternoon at 2:30.

—Miss Orma Innis, 631 North Harrison street, will entertain the Young Woman's Missionary Society Tuesday night at 7:30.

—Rev. T. H. McConnell yesterday gave an interesting report of the meeting of Whitewater Presbytery at Forest Hill at which he gave the popular address on last Tuesday evening. The Fall meeting of the Presbytery will probably be held at Greensburg.

—The New Salem M. P. church will have special services on Easter day.

BASE BALL

The game between Rushville and the Indianapolis Duesseldorfers which was to have been played here Sunday was called off on account of the cold weather.

The second team of Manual Training high school, Indianapolis, will play the local high school base ball team in this city Saturday. The team defeated the Shelbyville school Saturday by a score of 8 to 2.

We, of the West End Base ball team challenge the winners of Sunday's game between Circleville and Hill Tops. The game to be played on Easter Sunday on the West Third street grounds. For games with this team see Will Worthington or Earl Conway.

To find a friend in a crowd you must scan every face in it—until you see the one you are looking for. To find the want ad. which spells "opportunity" for you, it may be necessary to read all the "Want Adlets" on the second page of the Daily Republican regularly every day. Failing to do so even one day, may mean a pecuniary loss to you—having missed something that was intended for you.

Excursion to Louisville.
